Definitions

TS% True Shooting Percentage : Measure of the points you're scoring vs the number of shots taken from both the field and free throw line.

eFG% = Effective Field Goal Percentage : Gives the three point shot the appropriate weight in order to show how you're truly shooting when you're making more three point shots.

ORB% = Offensive Rebound Percentage : The percentage of available offensive rebounds grabbed by a player while he/she was on the floor.

DRB% = Defensive Rebound Percentage : The percentage of available defensive rebounds grabbed by a player while he/she was on the floor

TRB% = Total Rebound Percentage : The percentage of available rebounds grabbed by a player while he/she was on the floor.

AST% = Assist Percentage : The percentage of all field goal attempts a player assisted on while he/she was on the floor.

STL% = Steal Percentage : The percentage of team's steals that a player has while on the court.

BLK% = Block Percentage : The percentage of opponent two-point FGA blocked by this player while he/she was on the floor.

TOV% = Turnover Percentage : An estimate of turnovers per 100 plays

USG% = Usage Percentage : An estimate of the percentage of team plays used where the player contributed in some way while he/she was on the floor.

Point Distribution : The percentage of points that come from 2-pt shots, 3-pt shots and free throws

PPS = Points per Shot : The number of points scored per field goal attempted

Efficiency : Computes the overall value of players by factoring in points, rebounds, assists, steals and blocks and discounting missed shots, missed free throws and turnovers.
