### Definitions

**TS% True Shooting Percentage** : Measure of the points you're scoring vs the number of shots taken from both the field and

free throw line.

**eFG% = Effective Field Goal Percentage** : Gives the three point shot the appropriate weight in order to show how you're truly shooting when you're making more three point shots.

**ORB% = Offensive Rebound Percentage** : The percentage of available offensive rebounds grabbed by a player while he/she was on the floor.

**DRB% = Defensive Rebound Percentage** : The percentage of available defensive rebounds grabbed by a player while he/she was on the floor

**TRB% = Total Rebound Percentage** : The percentage of available rebounds grabbed by a player while he/she was on the floor.

**AST% = Assist Percentage** : The percentage of all field goal attempts a player assisted on while he/she was on the floor.

**STL% = Steal Percentage** : The percentage of team's steals that a player has while on the court.

**BLK% = Block Percentage** : The percentage of opponent two-point FGA blocked by this player while he/she was on the floor.

**TOV% = Turnover Percentage** : An estimate of turnovers per 100 plays

**USG% = Usage Percentage** : An estimate of the percentage of team plays used where the player contributed in some way while he/she was on the floor.

**Point Distribution** : The percentage of points that come from 2-pt shots, 3-pt shots and free throws

**PPS = Points per Shot** : The number of points scored per field goal attempted

**Efficiency** : Computes the overall value of players by factoring in points, rebounds, assists, steals and blocks and discounting missed shots, missed free throws and turnovers.
